MAN ASSISTING INNOVATIONS

FOR HIGHEST MIXING QUALITY

## MAI<sup>®</sup>2MIXLYRA

### FOR SACK AND SILO

The MAI<sup>®</sup>2MIX LYRA is a universal mixer, with which you can process bagged material as well as mount it under the silo. The MAI<sup>®</sup>2MIX LYRA is manufactured of most modern PU components and provides highest quality at the processing of fine materials as well as adhesives.

### HOMOGENEOUS MIXING

The MAI<sup>®</sup>2MIX LYRA meets your highest expectations what regards the homogeneous mixing of fine-materials: Easily exchangeable mixing shafts and blades allow you the exact adjustment according to your needs.

### EASY TO CLEAN AND TO MOUNT

Thanks to the plastic mixing tube and mixing shaft the MAI<sup>®</sup>2MIX LYRA more or less cleans itself. Even when processing mortar and adhesives, a brief check in addition to the fully automatic flushing should be enough. Moreover the MAI<sup>®</sup>2MIX LYRA fits in practically every boot and can be mounted and dismounted within seconds due to the tension lock.

### YOUR ADVANTAGES

- Universal mixer with highest mixing quality for sack and silo
- Exchangeable PU mixing shafts and blades which allow fine tuning
- 230V: can be connected to any socket - 400V upgrade possible
- Easy cleaning - thanks to PU parts and fully automatic flushing
- Easy handling - can be transported by a single person and fits in practically every boot
- Mounting and dismounting within seconds thanks to the tension lock

### TECHNICAL DATA

Operating voltage:	400V/3/PE/50Hz or 230V/1/N/PE/50Hz
Nominal power:	2,2 kW
Fusing:	16 A
Delivery rate:	10-15 l/min
L x W x H:	135 x 60 x 110 cm
Filling height:	100 cm
Total weight:	84 kg
