

MAI[®] **4you** MONOPHASE

MAN ASSISTING INNOVATIONS

SINGLE-PHASE POWERED QUALITY PRODUCT

MAI[®]4YOU MONOPHASE

INCREDIBLE PERFORMANCE

The combination of proven silo mixing technology and a completely new frequency generator permits previously unknown performance. Never before has it been possible to run a plastering machine which can do so much with a single-phase light current. A water pump and compressor are included as standard features.

This machine can easily be operated with a mortar hose up to 20 meters in length.

RELIABLE

Proven and carefully designed technology which will satisfy the needs of professionals day in and day out.

TROUBLE-FREE

Highest-quality workmanship, extremely simple operation and compact construction are what makes a quality product.

THE PROOF

The evidence leaves no doubt: The MAI[®]4YOU MONOPHASE will convince you. Check the facts and decide for yourself.

HERE ARE THE FACTS

We have included some additional functions and features that are far from common:

- Fast dismantling and setup thanks to the modular construction
- No trouble due to insufficient water, because the water pump has been included
- Little danger of frost damage thanks to easy draining
- Clear and simple operation because all functions are easily managed from the control panel

TECHNICAL DATA

Operating voltage:	230V/1/N/PE/50Hz
Nominal power:	4,7 kW
Fusing:	16 A
Cellular wheel motor:	0,75 kW
Pump motor:	3 kW
Compressor:	0,52 kW
Water pump:	0,53 kW
Feed capacity:	7 to 20 l/min
L x W x H:	110 x 73 x 150 cm
Filling height:	92 cm

WEIGHTS

Transport weight basic unit:	125 kg
Mixing unit with drive:	74 kg
Drive unit:	49 kg
Compressor:	17 kg
Total weight:	226 kg
